C⁹ F⁶(C)

There was a certain face that filled a thousand nights

C E^m F D^m

With all the sweetest dreams and promises of paradise

E⁷ A^m E⁺

But that face was gone when the dawn would come and steal you

A^{m7} D^{7,9(2)} D^{m7} G
Yet, I still could feel you waiting just a kiss away

G^{4,7} C⁹ F⁶

I'd surely know your face, your love would cast a spell

C E^m F Fis^{dim}

I'd recognize each curve and line of you -- I knew it well

C C⁴ G^{4,7}
Now at last you're here and I can tell

Refrain:

G C E^{m7} F⁹ D^m
Something in your eyes I see is all I ever wanted

C A^m D G
And something in your smile for me is calling out my name

C E^{m7} F D^{m6} E⁷ A^{m7} Gis⁺ D^{7,9(3)}
Your eyes, it seems, are mirrors of my dreams in ways I can't explain.

D^m G^{4,7} C⁽²⁾ - F⁹⁽²⁾ - | C⁽²⁾ - F⁹⁽²⁾ - |
And my heart will never be the same

C^9 $F^6(C)$
We never said a word, as if we'd always known

C E^m F D^m
But through the bittersweet of waiting we were not alone

E^7 A^m E^+
Now we're close enough for the touch of love to find us

A^{m7} $D^{7,9(2)}$ D^{m7} G
Fantasies designed us but they never really could

$G^{4,7}$ C^9 $F^6(C)$
Begin to measure you -- no pictures ever do

C E^m F Fis^{dim}
And as I watch you framed in sunlight in a sky of blue

I know what my life's been leading to

Refrain:

G C E^{m7} F^9 D^m
Something in your eyes I see is all I ever wanted

C A^m D G
And something in your smile for me is calling out my name
